

Welcome to Wisconsin. As an aviator you have a unique opportunity to appreciate Wisconsin's diversity and beauty. Yours is a special vantage point from which to see our natural wonders, our flourishing agriculture and our prosperous cities.

And when you land at any one of our airports, I hope you enjoy your stay, no matter what the time of year. Wisconsin has four seasons of quality living and recreational diversity, for those who call it home, or their home away from home.

Sincerely,
Patrick J. Lucy
Governor

AIR MILEAGE CHART

Numbers indicate statute miles between Airports

In a span of little more than six decades, man rose from Kitty Hawk to flight to the moon.

Air transport, also progressing during this brief span of time, has played a great role in determining mankind's destiny.

Here in Wisconsin, we have similarly progressed. Now, a comprehensive Airport System Plan is aimed at integrating air travel with all other transportation modes. We recognize that air and surface travel rely on each other's strengths.

Wisconsin is justifiably proud of its air transportation system. We welcome you and wish you continued success as you fly our airports.
